HERITAGE CLUB

A people without the knowledge of their past history, origin and culture is like a tree without roots. - Marcus Garvey

INTRODUCTION

Our Nation has an ancient diverse and extremely rich cultural heritage. It is a source of strength and a teaching to millions of Indians who look to the arts for inspiration, communication and the opportunity for creative self-expression. We too need to learn, guide, and encourage our young people, in helping them to build a society worthy of their great cultural heritage

Hence the "Heritage Club" has been established at SSSM's Solapur College of Architecture to develop the awareness of our built heritage, protect, maintain and to create public consciousness about the architecture and cultural heritage. Students will be involved in maintaining and protecting our rich cultural history, in addition to developing heritage awareness among them. This will encourage each student involved in the Heritage Club to learn about their local community and the environment and to take part in heritage conservation.

OBJECTIVES OF THE CLUB

1. To create a database on Maharashtra's material and cultural heritage.
2. To know and make aware about the heritage sites' local history, traditions, and culture
3. To encourage and prepare students to provide historical tours around and around Solapur.
4. To encourage students to be pioneers in preserving their heritage and alter the traditional perception of history
5. To encourage students' active participation in understanding about heritage conservation

VISION OF THE CLUB

To inspire people to value and protect our cultural and natural heritage and to raise awareness about heritage conservation.
