The Intellectual Property Rights (IPR) Cell

Architecture education being a creative program, allows each institute to develop its own school of thought. over a period of 27 years has been an intense platform for creating an ecosystem for **innovation and incubation** at student and faculty level.
The formal academic syllabus of the university is strongly reinforced by an equal quantity of additional studies and design assignments. This creates a platform for **incubation** of creative projects across the entire teaching semester. The institute believes in developing a spirit of entrepreneurship and thus exposes each student of all semesters to various fields of creative endeavours.
Every project or studio assignment is strongly backed by people from industry. The institute works in extremely close coordination with professional bodies like IIA.

Vision

Promote, preserve, encourage and facilitate innovation and research-based education and its application in architecture. The vision of IPR cell is to be source of new ideas and innovations.

Mission

To create an environment which delivers innovative ideas, conduct research and facilitate resources, its application for development of intellectual property.

Objectives

- To create an awareness about IPR for faculties and students of the Institution.
- To conduct workshops, seminars and training programs on IPR and patent filing processes.
- To disseminate knowledge on patents and registration methods in India and abroad.
- To encourage faculty members and scholars towards patentable works and innovation.
- To coordinate between Inventors, IP consultants, Attorneys and PEC authorities for filing and managing patents.
- To educate the faculty on obtaining copyrights for their publications.
- To provide awareness to the public through IP Road Shows, IP Street Play and various competitions.

Innovation and Incubation centre-

Giving opportunity to prospective students to bring out innovative ideas through competitions and brainstorming. Exploring innovative and creative thoughts, ideas, or concepts from students, research scholars, faculty members from various domains of society as well as industry.

Implementation Team for Sssms Innovation and Startup Policy-2022, Following ED Cell committee members for IPR and Incubation Center from of the institute for the ease of communication and implementation of the duly formulated "SSSM's Innovation and Startup Policy-2022".

Objectives –
